# Teacher Questionnaire

Your school has agreed to participate in TIMSS 2023 (Trends in International Mathematics and Science Study), an educational research project sponsored by the International Association for the Evaluation of Educational Achievement (IEA). TIMSS measures trends in student achievement in mathematics and science and studies differences in national education systems in more than 60 countries in order to help improve teaching and learning worldwide.

This questionnaire is addressed to teachers of <fourth grade> students, and seeks information about teachers' academic and professional backgrounds, classroom resources, instructional practices, and attitudes toward teaching. Since your class has been selected as part of a nationwide sample, your responses are very important in helping to describe primary/elementary education in <country>.

Some of the questions in the questionnaire refer to the "**TIMSS class**" or "**this class**." This is the class that is identified on the front of this booklet, and which will be tested as part of TIMSS in your school. If you teach some but not all of the students in the TIMSS class, please think only of the students that you teach when answering these class-specific questions. It is important that you answer each question carefully so that the information that you provide reflects your situation as accurately as possible.

Since TIMSS is an international study and all countries are using the same questionnaire, you may find that some of the questions seem unusual or are not entirely relevant to you or schools in <country>. Nevertheless, it is important that you do your best to answer all of the questions so comparisons can be made across countries in the studies.

It is estimated that you will need approximately 35 minutes to complete this questionnaire. We appreciate the time and effort that this takes and thank you for your cooperation and contribution.

When you have completed the questionnaire, please place it in the accompanying envelope and return it to:

<Insert country-specific information here>.

Thank you.

Choose the response that best describes when each topic or concept is taught for students in this class.

If a topic or concept was in the curriculum before <fourth grade>, choose "Mostly taught before this year." If you have taught a topic this year, choose "Mostly taught this year." If a topic is not in the <fourth grade> curriculum for this year or you have not yet taught a topic, choose "Not yet taught."

Check **one** circle for each line.

**S10**

**A. How often do you usually assign science homework to the students in this class?**

ATBS10A

Check **one** circle only.

I do not assign science homework --- ☐   
(Go to #S11)

Less than once a week --- ☐

1 or 2 times a week --- ☐

3 or 4 times a week --- ☐

Every day --- ☐

**B. How often do you do the following with the science homework assignments for this class?**

Check **one** circle for each line.

Always or almost always

Sometimes

Never or almost never

a) Correct assignments and give feedback to students ----- ☐ — ☐ — ☐ ATBS10BA

b) Discuss the homework in class ----- ☐ — ☐ — ☐ ATBS10BB

c) Monitor whether or not the homework was completed ----- ☐ — ☐ — ☐ ATBS10BC

**S11**

**How much importance do you place on these strategies to assess students' learning in science?**

Check **one** circle for each line.

A lot

Some

None

a) Observing students as they work ----- ☐ — ☐ — ☐ ATBS11A

b) Asking students to answer questions during class ----- ☐ — ☐ — ☐ ATBS11B

c) Short, regular written assessments ----- ☐ — ☐ — ☐ ATBS11C

d) Longer tests (e.g., unit tests or exams) ----- ☐ — ☐ — ☐ ATBS11D

e) Long-term projects ----- ☐ — ☐ — ☐ ATBS11E

**S12**

**A. In the past two years, have you participated in professional development in any of the following?**

**B. Do you need future professional development in any of the following?**

Check **one** circle for each line.
